

DRIVE ALIVE

GRANDIS DIESEL

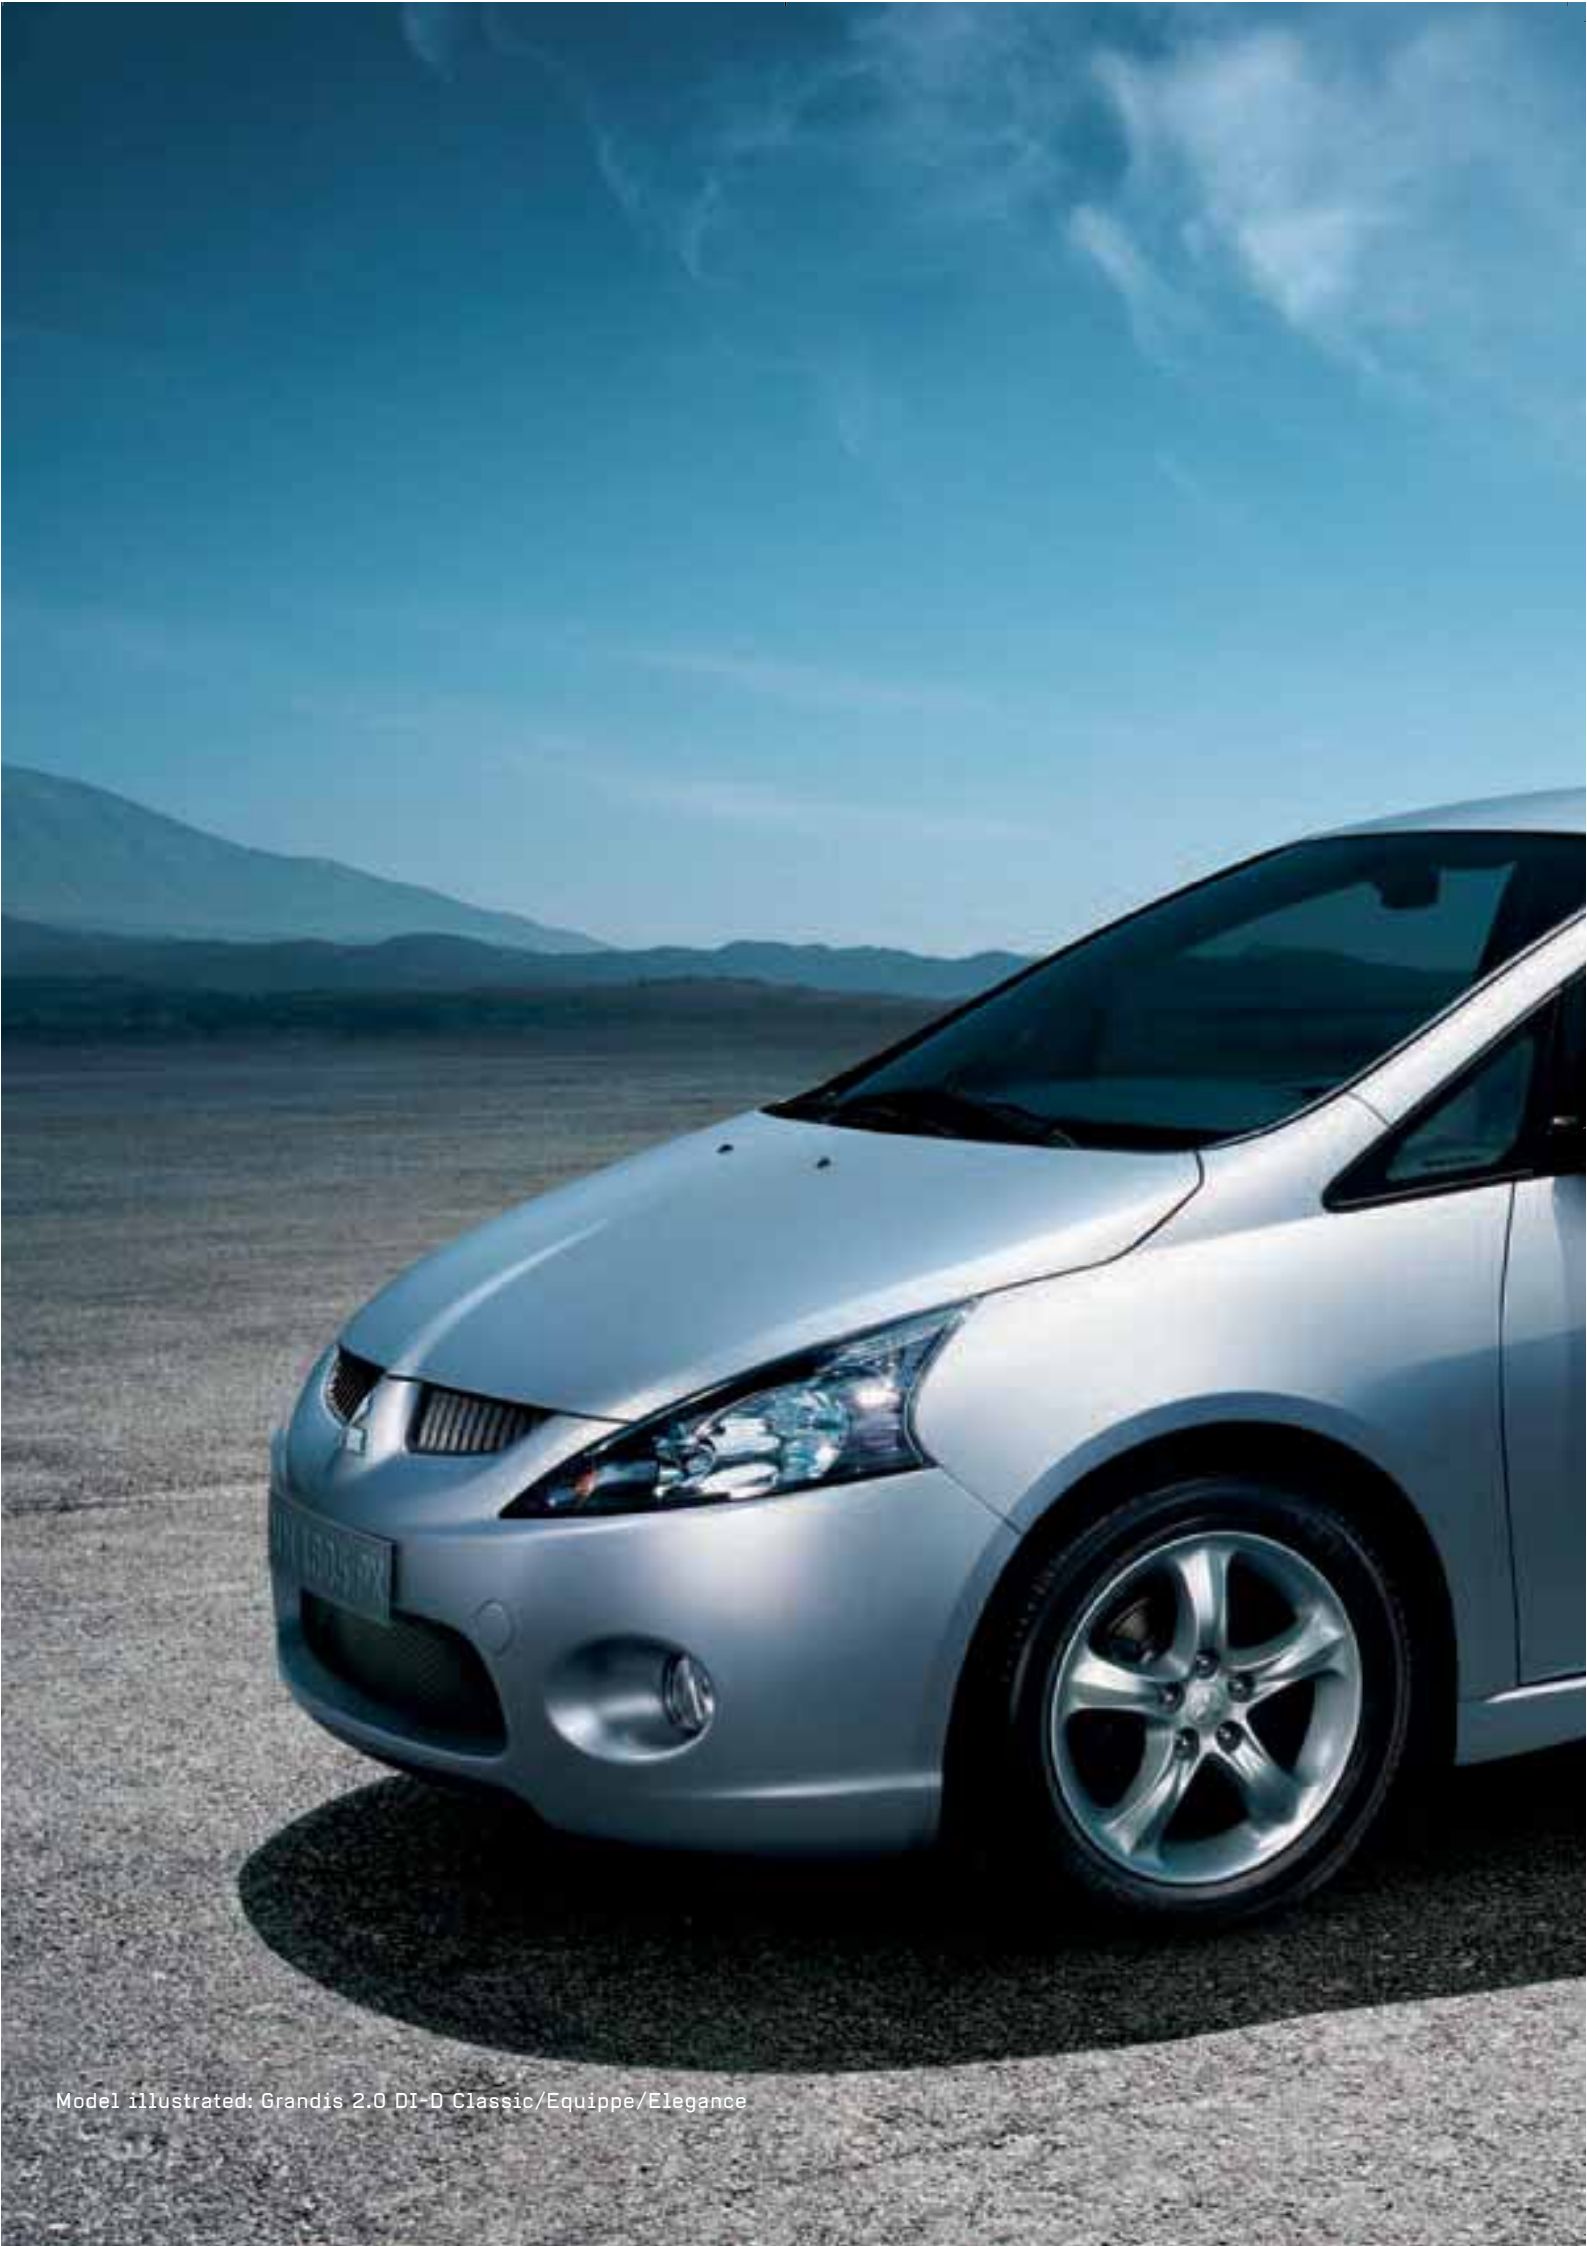

A GEM OF A CAR

Life is often about compromise: a career compromise between personal fulfilment and financial gain, and a logistical compromise between the need to work and the time to play. But at least you no longer need to compromise about your car. With its seductive good looks, city-nipper driving style and full-sized MPV capacity the Mitsubishi Grandis balances passion and practicality all by itself.

GRANDIS

Model illustrated: Grandis 2.0 DI-D Classic/Equippe/Elegance

AN ART FORM IN ITS OWN RIGHT

Let's be frank: MPV's aren't usually renowned for their style. The need to fit seven seats into a vehicle of road-friendly proportions has resulted in cars known more for their van-like appearance than their ability to engender envy as you drive down the road. Until the Grandis, that is. Without question this is the future in family transport – svelte, sleek, shapely, its smooth planes and subtle curves blending together into a harmony of light and shade which is the essence of Japanese art. And, being that best of all Japanese automotive art forms – a Mitsubishi – it will look and feel just as good when lesser cars are seriously showing their age.

REDISCOVER THE DELIGHTS OF THE ROAD.

When you are driven by the need to transport lots of people or paraphernalia you may assume that your days of driving for sheer pleasure are over. Not so. In fact, take a Grandis out to play and you'll soon forget that you are driving an MPV – a feisty yet frugal 2.0 litre turbo-diesel engine and equally impressive 6-speed gearbox, confident cornering, positive power steering and a surprisingly tight turning circle mean that the Grandis is not only easier to handle and park than you could ever imagine an MPV would be, it's also far more fun. And when road conditions are less than ideal Mitsubishi's Active Stability and Traction Control System* comes to your aid – controlling the throttle and brakes on your behalf for optimum grip.

*Equipe/Elegance models only

A Driver only with EBD

B With passengers with EBD

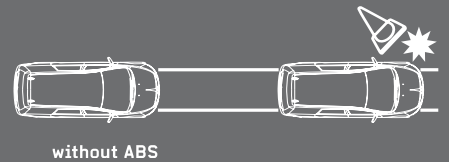

C With passengers without EBD

* Brake-force equal to A

** Brake-force greater than A

ABS allows you to maintain steering ability under hard braking conditions, thus avoiding obstacles. EBD (Electronic Brakeforce Distribution) automatically shifts the braking force between the front and rear wheels to reduce stopping distances – particularly helpful when your vehicle is loaded with cargo or passengers.

FORM MEETS FUNCTION MOST BEAUTIFULLY

Whilst you may be seduced by the Grandis' looks alone be assured that every inch has been designed with function in mind. That streamlined, bullet-shape is a tribute to the aerodynamicist's art, dressing the latest in chassis technology in such a way that you cleave the air cleanly and make the going less of a drag. Those striking, oversized rear light clusters and neat door mirror indicator repeaters ensure that your intentions will always be seen, with hi-tech LEDs instead of conventional bulbs for stronger illumination and faster response. This is family transport of the future, here today.

M-ASTC (Mitsubishi Active Stability and Traction Control) uses a combination of individual wheel braking and engine output control to maintain stability during cornering or sudden obstacle avoidance manoeuvres, and to enhance traction by applying braking to any wheel about to lose grip whilst reducing engine power. M-ASTC is fitted to Equipe and Elegance models.

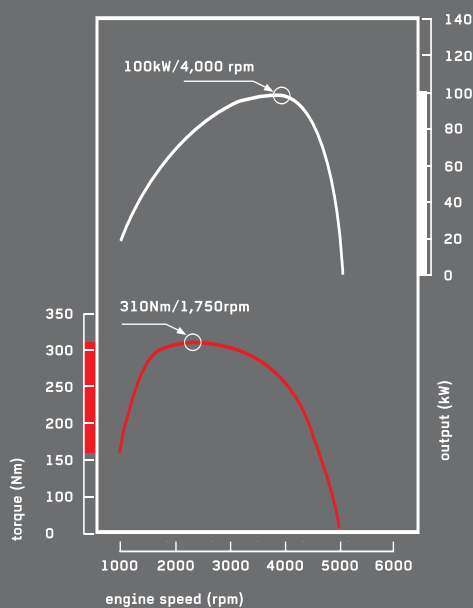

D D D

AT THE HEART OF THE MATTER

Tradition says that you can't have your cake and eat it. Mitsubishi say why not? With its new turbo-charged, intercooled, 2.0 litre diesel engine with 16 valves and double overhead camshaft the Grandis achieves a sweet 134 bhp, 228 lb.ft. of torque at just 1750 rpm, and will power you from 0-62 mph in a mere 10.8 seconds.

Mated to this paragon of engineering is a six-speed manual transmission which employs a new Dual Mass Flywheel to make shifting less of a grind. So when you take a seat in front of that perfectly proportioned, leather-wrapped steering wheel and lift your eyes from those cool blue dials you will know that you're in for some fun.

2.0 litre Diesel engine

High pressure pump jet technology means that the 2.0 litre diesel engine in the Grandis gives superb power and road-peeling torque, reaching a top speed of 121 mph (where legally permitted), yet returns a frugal 42.8 mpg on the combined cycle and is compliant with Euro IV emissions regulations.

Model illustrated: Grandis 2.0 DI-D Classic/Equippe

RELAX, THE OUTLOOK'S GRAND

In an age of ever-increasing stress the Grandis' interior is a place to chill – sumptuous fabrics and subtle curves are accentuated by the cool blue backlighting of the instrument panel, creating a calming atmosphere of comfort and well-being. The air conditioning allows you to control your own environment, with separate controls for those in the rear*; sounds from the CD player with MP3 capability add to the ambience, whilst electrically operated windows and door mirrors, central door locking, cruise control* and two separate sunroofs* add to the enjoyment of this fully-equipped family room on wheels.

*For full details of specification by model see page 26.

STORAGE TO PLEASE THE EYES

Modern families breed clutter. Kids don't come by themselves; they come with books and bags, shopping by the barrow-load, even with pets and playmates. Since Mitsubishi have been making multi-purpose vehicles for more than two decades they know a thing or two about the best way to keep all that clutter in check. Indeed, the Grandis boasts multiple holders for cups, pens, coins and glasses, as well as loads of ingeniously hidden storage spaces to satisfy the most active family, with plenty of pockets and trays that fold down for work or play. So even in use your Grandis will remain pleasing to the eye inside as well as out.

Model illustrated: Grandis 2.0 DI-D Classic/Equippe

SEATING FOR SEVEN

With its console mounted gearshift leaving a truly uncluttered floor area the Grandis sits seven in real comfort. Those in front are pampered with armrests as well as the ability to slide and recline to the optimum position. The second row bench seat includes ISO-Fix child seat mountings, adjusts for rake so that you can feel just right, and even splits 60:40 – the two sliding independently for maximum flexibility. The back row of seats feature Mitsubishi's highly praised Hide & Seat System, enabling you to fold it away completely in a matter of seconds for a spacious cargo area.

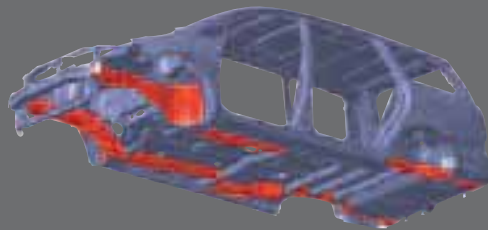

THESE SEATS DO TRICKS

The essence of an MPV is flexibility – whether your family is large or small you can be certain that it will be different sizes at different times – so give yourself time to explore all the options: slide the seats back and forward, tilt them or lay them flat, flip the third row over for a picnic, make up a bed or hide it away completely. You soon discover that, whilst it may not come with table, fridge or furry dice, the Grandis gives every permutation you'll ever need.

Hide & Seat System

This system allows the third row seats to fold away into the floor in a simple operation that takes seconds.

RISE (REINFORCED IMPACT SAFETY EVOLUTION)

The Grandis is built for strength – designed and constructed around an integrated platform with interconnecting structural elements which provide active passenger protection in the event of an accident.

SAFETY FAR BEYOND THE NORM

All cars are designed to safeguard life in the event of an accident but, as everywhere else, here the Grandis goes that little further. Of course it has loads of airbags. Of course it includes a deactivation facility for the front passenger seat in case you need to carry a child. Of course the ELR seatbelts incorporate pre-tensioners to help

prevent the injuries caused by violent stops, and all the powered windows and sunroof (where fitted) have anti-trapping mechanisms. But, for example, the Grandis also features a brand new seat frame design which helps to prevent the neck injuries so common with rear-end impacts; and a special design for the front seats ensures that

they stay locked to the chassis should you suffer a front-end collision. In a Grandis it's the little things which could save your life.

THE WARRIOR BREED

Every Grandis is an arresting living room on wheels: modern and edgy with handling as sharp as it looks, and supreme flexibility for a family and all their kit. But even amongst the very best living rooms some boast just a touch more style. Take the Grandis Warrior, for example – stunning in black or silver set off by the bright gleam of chrome, slick 18" alloy wheels and silver stitching to contrast with the deep black of its leather seats.

Furthermore, thanks to an in-car DVD entertainment system, in this Grandis not only the driver has fun.

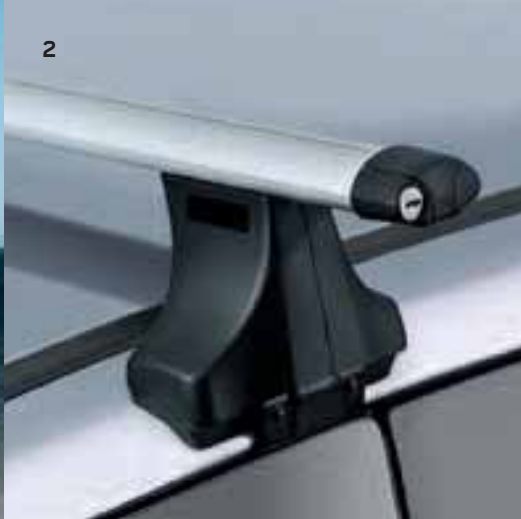

REFLECT YOURSELF

Perfectly practical and practically perfect the Grandis diesel is the MPV you'll choose through desire, not necessity, and you can reflect your own personality by adding a wide range of Mitsubishi Motors genuine accessories. In addition to those shown here there is a whole brochure-full to choose from, just ask your dealer for the Grandis Accessories brochure. And remember, if fitted when new they all benefit from the same exceptional warranty as the vehicle itself.

1. Chrome rear grip garnish/
Parking distance sensors
2. Roof carrier
3. Chromed door handles
4. Mudguards
5. Chromed door mirrors
6. Separation rack

EXTERIOR AND INTERIOR

CLASSIC

The entry-level Grandis Classic enjoys power operated windows and door mirrors, fully automatic climate control air conditioning, a CD/MP3 player with six speakers and a leather-wrapped steering wheel and shift knob. A comprehensive safety specification includes ABS with EBD as well as front, side and curtain airbags and externally it benefits from 17" alloy wheels as well as colour-keyed door mirrors and handles.

EQUIPE AND ELEGANCE

In addition to the features enjoyed by the Classic the Grandis Equippe features two sunroofs (front manual, rear electric) as well as separate cooler controls for the rear and a CD autochanger. For the driver the Equippe benefits from cruise control and Mitsubishi's stability and traction control system (M-ASTC). To this generous specification the Elegance adds leather seat trim.

WARRIOR

A Classic turned Warrior has its mean 'n' moody black or gleaming silver paintwork enhanced with upper and lower chromed mesh front grilles as well as plenty of chrome in additional areas – exhaust, rear tailgate, door mirrors and handles; 18" Le Mans alloy wheels replace the 17" ones. The black leather interior is stitched with silver whilst a CD autochanger and DVD entertainment system ensure loads of fun.

OUTSTANDING AFTER SALES FOR CAREFREE MOTORING

More than 2500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.

PROFESSIONAL SERVICING

Even new cars require regular maintenance and servicing. Not just to guarantee your mobility, but also for the safety of you and your passengers. Trained professionals using specialist diagnostic equipment and genuine parts at your Mitsubishi Authorised Service Point are ready to oblige.

You'll be advised about the cost beforehand, so there will be no unpleasant surprises when you return to pick up your vehicle.

MITSUBISHI MOTORS GENUINE PARTS

Even the smallest technical faults can lead to accidents. Therefore, all Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. We recommend using Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points.

COMPREHENSIVE WARRANTY

All new Mitsubishi Grandis vehicles come with a comprehensive 3-year unlimited mileage warranty as standard. The anti-corrosion perforation warranty covers rusting through for the first 12 years. The reliability statistics for Mitsubishi vehicles are impressive, but in the unlikely event that you do need help, we offer MAP.

MAP - FREE BREAKDOWN ASSISTANCE

Throughout the warranty period your vehicle is covered by Mitsubishi Motors Assistance Package (MAP) roadside assistance. This cover extends to more than 30 countries throughout Europe so your mobility is guaranteed even when you are on holiday. Should you ever need assistance in the event of breakdown, accident, theft or

vandalism - wherever you are, 24 hours a day, 7 days a week - just call the number on your card and the problem will be fixed on the spot. If it's more serious, your car will be taken to the nearest Mitsubishi Authorised Service Point and you'll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation. And if you continue to have your vehicle serviced at a Mitsubishi Authorised Service Point after the first three years, your mobility will be guaranteed for an additional year or up to the next service interval (whichever comes first) until your vehicle is 10 years old.

DRIVE ALIVE IS OUR MOTTO.

It's the reason our designers and engineers go to work everyday. Statistics show that you are going to spend 'years of your life' in your car. We want those 'years' to be as pleasurable and as rewarding for you as possible. We want to ensure that every time you're driving and put your foot down on the accelerator, or catch a glimpse of yourself reflected... you will want to smile. Smile to really feel alive... to really drive alive.
